Reasons for Allowance

1. Claims 1-4 are allowed.
2. The following is an examiner's statement of reasons for allowance:

With respect to claim 1; allowability resides, at least in part, with the instant invention consisting of a base, having a plurality of holes for housing a plurality of connectors, each connector having a pair of connector pins and the base having specific hole configuration; this distinguishes the instant invention from the known prior art. The prior art of record, Lages et al., requires a pair of secondary locking slides to mount connectors, sockets, or micro-relays onto the plugboard which fails to meet the claim limitations set forth in the instant invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
